A Good Name

A good name is more desirable than great riches; to be esteemed is better than silver or gold. —Proverbs 22:1

"My word is my bond"

In days gone by, a person's "word" was enough to transact business and seal a deal. Phrases such as "their handshake is as good as their signature", and "a gentleman's word needs no contract" speak to a time when honesty was the norm and a good name worth guarding. "Your reputation walks ahead of you" is a phrase we would do well to think of each day, understanding that a good name often takes a long time to gain and only a moment to lose.

A good name

What's in a name? Juliet, in Shakespeare's famous balcony scene, wonders why a 'name' is so much more important than the love she feels for a man who happens to bear a name that is anathema to her own Capulet family. Names are very important in human society: they can encapsulate a lot of information in just two or three words. But over and above Juliet's puzzled question about Romeo and his identity, we have Proverbs 22:1 asking what a 'good name' is and what it signifies. A good name implies a reputation for integrity (people know you to be honest); a reputation for faithfulness (people know you can be trusted); a reputation for goodness (people know you to make morally correct choices); a reputation based on the evidence from your own life - ultimately, then, a good name is the ensemble of the character who bears your identifying name.

There is a distinction, of course, between fame and a good name - it is completely possible to be famous and yet of execrable character. A study of history informs us that many famous people in fact made terrible, terrifying and immoral choices in life. In other words, Proverbs 22 is telling us: if you had to choose between possessing great riches and possessing a name that commands genuine respect because of the person you are, choose the latter. Easy to say, much harder to put in practice!
