The Overlooked Book

Hospitality

We might say that 2 John is an overlooked book. Rarely the focus of a Bible class discussion, this little gem teaches essential lessons that we best not overlook.

Hospitality had a particular meaning in the context of 1st century itinerant preachers. Following in the steps of the 12 who were sent out in pairs by Jesus, and of Paul, who set the tone (and also the standard) for such work, such preachers possessed nothing except the clothes they had on their back, and the sandals on their feet. Arriving in a town to spread the gospel, they were taken in by communities of local believers. This allowed the word of Christ to be spread with very few resources; the preachers would move around from region to region, being recommended by one family to the next - it was an economical and efficient way of doing God's work. If there was trouble, or resistance, the preacher could move on quickly, shaking the dust of resisters from their feet. (Matthew 10:14). Any unscrupulous or deliberately false teacher (from among the gnostics or the docetists, for example) might take unfair advantage of villagers' hospitality - and this is a problem John warns against.

Walk in love

John commends the lady and her children (the recipients of this letter) for their expressions of loving hospitality. And rightly so: love is a descriptor and identifier of Christian fellowship established by Jesus himself: "By this everyone will know that you are my disciples, if you love one another" (John 13:35). Here, John points to Jesus' vital teaching on love when he writes, "As you have heard from the beginning, his command is that you walk in love" (2 John 1:6). John expands our understanding of loving Jesus by pairing it with obedience. "And this is love: that we walk in obedience to his commands" (2 John 1:6).

Watch out

John ends his letter by laying out the dangers of false doctrines promoted by various itinerant preachers. Be careful who you support. Make sure you are not advancing falsehoods. We might add, Be careful who you listen to. Be careful to vet any religious article, religious teaching or religious leader through the lens of scriptural truth.

It is clearly important that we not overlook this little book. Love deeply. Practice hospitality. Be careful who you support and who you listen to. Words worth taking to heart.
Stephen
